PROFILE

Designer with 5+ years of experience in graphic design, branding, and digital communications, now fully focused on UX/UI. My background working with global teams at SAP and Telus Digital sharpened my ability to collaborate cross-functionally, think strategically, and translate complex briefs into clear visual solutions. Currently completing a Master's in Design Management at IADE, combining research, interaction design, and systems thinking to create experiences that are intuitive and accessible.

EXPERIENCE

Social Media & Design

Telus Digital · Lisbon · Feb 2022 – Jul 2024

- Designed landing pages, dashboards, and campaigns applying UX principles to improve usability and engagement
- Collaborated with developers, marketers, and stakeholders to translate briefs into user-centred visual solutions
- Ran market research and performance analysis to inform design decisions, contributing to 9K LinkedIn follower growth
- Maintained brand guidelines to ensure consistency across all digital touchpoints

Junior Art Director

Cadastra · Porto Alegre · Aug 2021 – Feb 2022

- Designed digital assets for web and social platforms ensuring visual coherence across brand touchpoints
- Contributed to creative concepting for branding and marketing campaigns aligned with business goals
- Applied emerging design trends to keep brand identity relevant and contemporary

Rotation Program Intern

SAP · São Leopoldo, Brazil · Mar 2020 – Aug 2021

- Worked with technical and product teams to improve client-facing experiences through process design
- Created digital materials for internal UX and communications initiatives
- Coordinated internal events and campaigns across global cross-functional teams

Marketing & Communications Intern

AEL Systems · Porto Alegre · Apr – Aug 2019

- Managed internal content calendar and brand communications across digital channels
- Designed newsletters and visual materials to improve internal employee engagement
